Re: Letter of Recommendation for Coaching and Leadership International Inc.

To Whom It May Concern:

It is with great pleasure that I recommend Betska K-Burr and the Leadership in Action Program. I have had the opportunity of incorporating this program into our company and experiencing a personal transformation into an enlightened leader.

This program has helped our leaders communicate more effectively and restore our corporate culture into one of harmony and innovative thinking. The Power Coaching with Mind-Kinetics® has greatly improved our way of handling challenging situations and is an integral part of improving relationships both in our personal and professional lives.

Without hesitation, I would strongly recommend Coaching and Leadership International to be considered for any leadership training program. I am confident in saying it will be of significant value to any organization.

Sincerely,
